Walt: are there staff in Newport who would be interested in the seminar? Is A105 available if needed?

Dave: if there are staff interested in Newport, can someone (or has someone already) arrange to have it video conferenced to Newport?

Hi,

This is a reminder and invitation to attend Nathan's seminar on "Using HexSim to simulate spotted owl population trends", this Friday 11/19 at 11:00 am in the main building conference room. For those in EEB, it will be after our banch meeting which starts at 10:30.

See you there. Dave
